(v) Other

The Compensation Committee has decided to change the remuneration for Directors and Corporate Executive Officers from FY2024. The outline of the changes is as follows.

- Provision of restricted stock, the value of which corresponds to a certain percentage of performance-linked remuneration (Stock Remuneration II. The restriction period is three years, and it will function as substantial remuneration deferral, in addition to functioning as an incentive for long-term performance improvement. Accordingly, the previous Stock Remuneration II will be changed to Stock Remuneration III.)
- Provision of stock-linked remuneration to Outside Directors
- In the performance assessments used in calculating performance-linked remuneration, change to using the KPIs that are set as the Group numerical goals in the Medium-Term Management Plan “Passion for the Best” 2026 as the indicators
- Change the points of the quality evaluation in the performance assessments used in calculating performance-linked remuneration to a range from -20 to +20
